

Health Care in PA

Sponsored by

The 8th Ward Democratic Executive Committee and Health Care for All PA

Did you know that Pennsylvania has legislation brewing for Single-Payer (government-funded, privately provided) health care?

This legislation would provide health care for *all Pennsylvanians*. It is completely separate from the initiatives at the federal level. There are bills in both the House (HB 1660) and Senate (SB 400).

To find out more about the details of the bills and their prospects, we invite you to attend the 8th Ward Democratic Executive Committee's open ward meeting! Chuck Pennacchio, Executive Director of Health Care for All PA, will lead an informative discussion.

Thursday, October 8, 2009

7 p.m. - 8:30 p.m.

At the Ethical Society Building

(1906 South Rittenhouse Square in Center City Philadelphia)

Speaker:

Chuck Pennacchio, Executive Director, Health Care for All PA
